

CORICA MINING SERVICES

EXPERTISE. PRECISION. SUSTAINABILITY.

At Corica, we specialise in providing comprehensive open-pit mining solutions tailored to meet the unique challenges of each project. With decades of experience in the African mining industry, our multidisciplinary team is committed to delivering world-class results while maintaining the highest standards of safety and environmental stewardship.

We provide the skilled personnel, local partnerships, extensive fleet, and adherence to international standards necessary for successful mining operations in Africa.

CORICA
MINING SERVICES

HELPING EXTRACT MAXIMUM VALUE

Our Services:

Load and Haul Services

Meeting the demands of large-scale open-pit mining, our load and haul services leverage a fleet of 50t to 200t class excavators and 30t to 100t trucks. Experienced operators ensure efficient material handling, which reduces cycle times and boosts productivity.

Long-Distance Road Haulage

Supporting remote open-pit mining sites requires reliable long-distance haulage solutions. Our modern fleet of road trucks, ranging from 30t to 50t, ensures efficient and timely transportation, overcoming the logistical challenges of extensive hauling distances.

Drill and Blast Services

Operating a fleet of advanced blast hole drill rigs, our team of skilled professionals delivers comprehensive production drilling and blasting services. We focus on achieving optimal fragmentation and cost-efficiency, all while maintaining the highest safety standards.

Exploration and Grade Control Drilling

Maximizing resource recovery begins with precise exploration and grade control. Using modern Reverse Circulation drill rigs and following industry-best practices, our team ensures accurate and reliable data, essential for informed decision-making in open-pit operations.

Technical Support & Services

Navigating the complexities of mining operations requires more than just technical know-how – it demands a partner committed to your success. Our technical support and services extend beyond traditional consulting. We offer a partnership that includes detailed project assessments, tailored solutions, and on-the-ground technical expertise. By aligning our support with your specific goals, we help you overcome challenges and ensure your operations are both efficient and sustainable.

PARTNER WITH CORICA FOR RELIABLE, INNOVATIVE, AND SUSTAINABLE OPEN-PIT MINING SOLUTIONS THAT DELIVER VALUE AND ENSURE SUCCESS.

WHY CHOOSE CORICA

Safety First	We prioritise the safety of our workforce and the surrounding communities, implementing rigorous safety protocols and continuous training programs to maintain an incident-free workplace.
Sustainable Practices	We are dedicated to sustainable mining practices and reducing our environmental footprint through innovative environmental strategies, sustainable mining techniques.
Proven Expertise	With a track record of successful projects across Africa, Corica is a trusted partner in the open-pit mining sector.
End-to-End Solutions	From exploration to site development, production and rehabilitation, Corica offers a full spectrum of open pit mining services, ensuring seamless project delivery from start to finish.
